

How to Fight against CRPS

1 Tailor-Made Package *
We will tailor your package according to your needs to make everything as easy as possible!

2 No Waiting Lists *
With Medical Tourism Italy you get the best Doctors and Treatments with no waiting lists. For complex regional pain syndrome patients, this is a fundamental value.

Travel Insurance
We always create a dedicated Travel Insurance for our Patients; that's why it is also important to always provide a Passport at early stages.

3

Transportation
Driving will not be a burden, as your Health Planner knows the streets so well! Let us take care of driving you around.

4

Side Therapies (Rehab + Light Therapy)
Rehabilitation Therapy Sessions with CRPS specialists (Osteopath and Physiotherapist) who will then create a final report with rehabilitation physiotherapy step-by-step exercises for you to take home. Light Therapy provided at the hotel: will help you alleviating the pain and reduce inflammation, promoting blood flow and cellular regeneration.

8

Airport *
You will be followed since the very landing up to your return flight. Pick up and drop off at selected airports.

11

Six Months Follow-up *
We will monitor your progresses and help you with the home rehab for the 6 months following your treatment.

13

5 Accomodation
We will book the hotel for you: you just need to relax and feel at home, full board is included.

5

Neridronate Treatment *
Pharmaceutical Treatment with Neridronate following Dr. Adami's Protocol. You will also be visited by a CRPS specialist before and after the treatment and monitored by a qualified registered nurse during your infusions.

6

Interpreting *
No language barriers: our professional Health Planners will have your back during your stay.

7

Documents Translation
We will translate the medical paperwork for you in order to provide a crystal-clear communication.

9

Tourism
Italy is full of great wonders: discover its hidden gems and taste its delicacies with your Health Planner!
